

Please read out loud
by City clerk -

Dec. 16, 2011

Sirs -

I would like to ^{see} Emergency
phones at dock. Why isn't
the money going to help us fishing
people who are local. I do not
want to see our money go to
others not from here. I use to
deck hand for my parents
Commercial fishing and crabbing
And during that time they had
to deal with the park and permits.

And we have never seen anything
to help us, like it was mean to be.
I feel this land deal is wrong -

J.

The time of this meeting
is quick to go, we just found out.

We love our beach and the
land, we need to be able to use
it, like we use to,

And the city needs to not be
setting up meetings to give our
money to lock up more lands, and they
aren't even local —

And Mr Sharkey
