Gustavus City Council,

First: I would like to thank all of you for your dedication and hard work as volunteers guiding our city.

Second: I give my complete support and encouragement to the Council in their endeavor to fund the needed \$25K for the Conservation Lands Leasing Project. As has been emphasized, it will preserve the beauty and openness of Gustavus. As a healthcare provider, we can not overemphasize the importance of exposure to a peaceful area of beauty, and an area for the community to obtain the exercise vital to our health.

Thank You,
Rod Vaught, MD, Medical Director for GVFD
